

KLIMA-FLEX 2 ROLLER CAM

The Klima-flex 2 Roller Cam reduces operational friction and increase the gasket compression. It is adjustable with a Torx-bit (T-30) and you can therefore set it according to your requirements, to ensure the door closes smoothly and is securely shut.

If you desire, you can connect several roller cams to be operated by one handle.

MATERIAL

Roller cam: Zinc die cast, zinc plated, steel, zinc plated and glass fibre reinforced Polyamide (PA6GF30), black
